

While You Were Away Paper Chain

Personalize your paper chain links with a note about your activities each day. Present as a homecoming gift when your loved one returns home.
Cut paper chain links apart, fold in half where indicated and tape together to form a circle by overlapping the left side over the right side up to the dotted line.
Add a link each day while your loved one is away.
If you want to add private messages, use the back side of each link. The back side will be concealed in the fold.
